Not Afraid (Album Version)

Punchline

Why do I want you?
How can you say things,
Like what do you want me to be?
Who did I fall for?
Not the same person
You haven't been nice in a yearBut I'm not afraid anymore
Give me a reason and I'll show you what I'm fighting for
I'm not afraid anymore, I'll show you who I amChoosing sides you choose to hide
And try and act like you are fine
While all awhile thats not your style at all
Like robot maids in rocky four
It makes no sense but whats for sure
I can choose myself what to regretNow every second
Seems like a decade
That might sound quite cliche
Just being honest
Unlike my conscience
But who hears that anyway?But I'm not afraid anymore
Give me a reason and I'll show you what I'm fighting for
I'm not afraid anymore, I'll show you who I amYou will understand"You're crazy"
Is that what I'm gonna hear?
Keep trying
This was your biggest fear
"We're all crazy"
Thats what I always hear
Keep trying
This was our biggest fearBut I'm not afraid anymore
Give me a reason and I'll show you what I'm fighting for
I'm not afraid anymore, I'll show you who I am
(x2)"You're crazy"
Is that what I'm gonna hear?
Keep trying
This was your biggest fear
"We're all crazy"
Thats what I always hear
Keep trying
This was our biggest fear
