What a Life

Buchi

Another crummy perfect day
Waking up in L.A.
Never thought that I would stay so long
Dusty leaves and bees are hummin?
Ten day says there?s no rain comin?
The sun is shining ?cause
It nearly always does
What else can I say
What a life
What a life
What a life we lead
I?m just layin? here
So wake me when it?s time to leave

Orange sky and ashes falling
I can?t get home the car is stalling
How lucky can I get?
I am so fortunate
What a Life
What a Life
What a Life we lead
I?m just waitin? here
So wake me when it?s time to leave
Yeah, wake me when it?s time to leave
Well, it?s another perfect day
I guess I wouldn?t have it any other way.
