Something I Can Never Have (Live In Denver '05)

Nine Inch Nails

I still recall the taste of your tears
Echoing your voice just like the ringing in my ears
My favorite dreams of you still wash ashore
Scraping through my head 'till I don't want to sleep anymoreYou make this all go away
You make this all go away
I'm down to just one thing, and I'm starting to scare myself
You make this all go away
You make this all go away
I just want something
I just want something I can never haveYou always were the one to show me how
Back then I couldn't do the things that I can do now
This thing is slowly take me apart
Grey would be the color if I had a heartCome on and tell me, you make this all go away
You make this all go away
I'm down to just one thing, and I'm starting to scare myself
You make this all go away
You make this all go away
I just want something
I just want something I can never haveIn this place it seems like such a shame
Though it all looks different now,
I know it's still the same
Everywhere I look you're all I see
Just a fading fucking reminder of who I used to beCome on tell me you make this all go away
You make this all go away
I'm down to just one thing, and I'm starting to scare myself
You make this all go away
You make it all go away
I just want something,
I just want something I can never have
I just want something I can never have
