Always & Forever

Parachute Band

I don't wanna be calling your phone
I don't care what time you get home
And I hate the fact that you live so damn close to me
I don't like that I can't stop thinking 'bout you
And I hate that you walk like you do, oh babyBut it's just something 'bout ya
And I just can't take it
Girl, it's just something 'bout ya
And I just can't take itIts your thighs, your lips
Your calves, your lips
Its your hair
Did I mention your lips?Oh, why I behold you
Why do I want you always & forever, always & forever?
'Cause girl, you got it, Im gon' keep it
Oh, you got me trippin' on you
So that's why I want you always & foreverI don't want to be pickin' you up
Taking you on dates and ****
I don't wanna be payin' your bills
Gettin' you all spoiled and ****Don't want you to decorate my house
But I can't help it
Girl, you make me feel so comfortable
I'd be damned if I let you go, ohBut it's just something 'bout ya
And I just can't take it
Girl, it's just something 'bout ya
And I just can't take itIts your thighs, your lips
Your calves, your lips
Its your hair
Did I mention your lips?Oh, why I behold you
Why do I want you always & forever, always & forever?
'Cause girl, you got it, Im gon' keep it
Oh, you got me trippin' on you
So that's why I want you always & foreverI try hard to keep my cool but I cant live
I can't, I shake 'cause I'm so strung out on you
But it's cool 'cause Im gettin' all my hits from you
And girl, it gets to me, the way that Im feelin'
Its so crazy 'cause I don't know how Im dealin'
Girl, if I lose you, Im done 'cause I know you're that oneOh, why I behold you
Why do I want you always & forever, always & forever?
'Cause girl, you got it, Im gon' keep it
Oh, you got me trippin' on you

So that's why I want you always & forever
