Some say
Theyre gonna haunt us
Make an appereance
An interference
Theyre gonna take off
Enjoy the party
And if they like you
Theyre gonna lock you, insteadI don't want to know
I don't want to knowI lost
lost my tomorrow
Down at the station
Bad situation
I feel unwanted
My lousy manner
Bad reputation
They're gonna take me, insteadI don't want to know
I don't want to know
I don't want to know
I don't want to knowSome say
Theyre gonna haunt us
Make an appereance
An interference
Theyre gonna take off
Enjoy the party
And if they like you
Theyre gonna lock you, insteadI don't want to know, got to keep on fighting
I don't want to know, got to keep on fighting
I don't want to know, got to keep on fighting
I don't want to know, got to keep on fighting
I don't want to know, got to keep on fighting
