Gone

Nelly

Gone, she got me gone
Girl, you know you got me gone
Nelly got me gone, gone, gone, gone
Boy, you know you got me gone
Remember that chick that used to live
Right up the block from me
I seen her yesterday and she still fly
She still right, still tight, still fine
Yep, I still wanna make her mine
And I, I want much more than just a moment
See I ain't tryna lease or try to rent, I'm tryna own it, yeah
This time I'll make my move, this time I'll show and prove
Prove that I'm really irreplaceable
Plus, I don't know if she ever been told
But I got whatever she needs, yeah
And whichever way we go
No one could ever take what we've got
Right here between one another
Don't care what they say, you gon' be my lover
And if it's in love, baby, I wanna fall
Just promise me, baby, you'll be here through it all
I'll do it again if I had to, throw this money at you
Girl, you know you got me gone
I'll do it all again if I had to, you ain't gotta ask, boo
Boy, you know you got me gone
Kelly got me gone, gone, gone, gone
Girl, you know you got me gone
Nelly got me gone, gone, gone, gone
Boy, you know you got me gone
You know I still got the love for you, baby
You still be drivin' me crazy
And all of my heart will forever be yours
And no one could ever break what we've got
Right here between one another
Don't care what they say, you gon' be my lover
And if it's in love baby, I wanna fall
Just promise me baby, you'll be here through it all
I'll do it all again if I had to, throw this money at you
Girl, you know you got me gone

I'll do it all again if I had to, you ain't gotta ask, boo
Boy, you know you got me gone
Kelly got me gone, gone, gone, gone
Girl, you know you got me gone

Nelly got me gone, gone, gone, gone
Boy, you know you got me gone
Look shawty I done told you once
Pay attention, I'ma tell you twice
I've been around the world
But I've never met a girl like you in my whole life
There's something you need to know
You make me wanna get physical
You make me wanna get intimate
Into it, I'm fixin' the plug
All my heart and all my time
I give you anything that you want baby, just name your price
Mine is yours and yours is mine
Trust me that's a fact, girl, you ain't gotta ask, 'cause
I don't know if you've ever been told
But I got whatever you need, girl
And whichever way we roll
No one could ever take what we've got
Right here between one another
Don't care what they say, you gon' be my lover
And if it's in love, baby, I wanna fall
Just promise me, baby, you'll be here through it all
I'll do it again if I had to, throw this money at you
Girl, you know you got me gone
I'll do it all again if I had to, you ain't gotta ask, boo
Boy, you know you got me gone
Kelly got me gone, gone, gone, gone
Girl, you know you got me gone
Nelly got me gone, gone, gone, gone
Boy, you know you got me gone
Boy, you know you got me
Gone, gone gone, gone, gone, gone
Gone, gone, gone, gone, gone, gone
Gone, gone, gone
You know I'll do it again if I had to, throw this money at you
Girl, you know you got me gone
I'll do it all again if I had to, you ain't gotta ask, boo
Boy, you know you got me gone
Kelly got me gone, gone, gone, gone
Girl, you know you got me gone

Nelly got me gone, gone, gone, gone
Boy, you know you got me gone
