Praise on the Inside

J Moss

Hook:there's a praise on the inside that I can't keep to myself
there's a holler stirrin' up
from the depths of my soul
so excuse me if I seem a little giddy or maybe even strange
but praise is the way I say thanksBridge:let it bring forth a sound from your voice filled with gladness
all ye lands make a joyful noise
and let the psalms of David live forever and ever
praise is the way I say thanks
