Shack Of Hate

White Zombie

Ze wheels o' fire, a double man defier, a motor and I
Regenerate, I am your final Pompeii, o 'etched in acid
Like a shack of hate, love in the gut a downbeat Caesar
Mother's holly roller, the invasion-man
She a real, a real fuck invention, like Mississippi sway'n
Persuasion atomic, eat it, atomic, eat it
What is a man? If not a he's a rebel rouser
Yeah, mechanized death, this is what you need
Las Vegas loser, a fuck'n crazy horse
Violent satisfaction switching the body
To a shack of hate
Automation, the skin buckles, this is what you need
A flesh surrender, crucifixion burns
Sex mutilation, a dead diamond, this game is mine
Atomic, eat it, atomic, eat it
