Anything You Sent

Joy Zipper

Everyone looked like you
I love you so much that I love them too
I love them too, I love them too
Anything you sent I held like a child
Cause if it got broke, I felt like you died
I felt like you died, I felt like you died
Anything you sent, I held like a child
Anything that you sent, I held like a child
Anything you sent, I held like a child
Everyone looked like you
I love you so much that I love them too
Anything you sent, I held like a child
If it got broke, I felt like you died, like you died
As big as the sky, as deep as the sea
I always knew you would come back to me
Come back to me, come back to me
Anything you sent, I held like a child
Anything that you sent, I held like a child
Anything you sent, I held like a child
Everyone looked like you
I love you so much that I love them too
Anything you sent, I held like a child
If it got broke, I felt like you died. like you died
Everyone looked like you
I love you so much that I love them too
Anything you sent, I held like a child
Cause if it got broke, I felt like you died, like you died
