Be With You

Rick Astley

How can you turn and walk away?
Leaving me here with the things to say
How can you stand and watch me fall?
Don't you feel no love at all ohI only want to say to you
That it would break your papa's heart
For him to hear the things you say
When we could make a brand new startWill you hold me in your arms or let me go?
'Cause I want to show the world how much I know
That I love you
And I only want to be with youHow do I know you'll always stay?
You're changing your mind most every day
I'm telling you, girl, don't push too far no
Just who do you think you are?I only want to say to you
That it would break your mama's heart
For her to see the things you do
When we could make a brand new startWill you hold me in your arms or let me go?
'Cause I want to show the world how much I know
That I love you
And I only want to be with youWill you hold me in your arms or let me go?
'Cause I want to show the world how much I know
That I love you
And I only only be with youOh I love you
Are you ready for a guy like me?
Come on baby, I'm on bended knee
Are you ready to be loved by me again, oh?I only want to say to you
That it would break my loving heart
For me to see the things you do
When we could make a brand new start
Yes, we could make a brand new startWill you hold me in your arms or let me go?
'Cause I want to show the world how much I know
That I love you
And I only want to be with you
Will you hold me in your arms or let me go?
'Cause I want to show the world how much I know
That I love you
And I only only be with you
Ohh yea hum
'Cause I love you
And I only want to be with you

Dede dede dedededede
'Cause I love you
And I only want to be with you
