Every Woman

Dave Mason

Don't misunderstand me
Though I know that I've been mean
Woman can't you see that I'm in needAlthough we may be far apart
In heart and soul, we're near
My body aches for you to just be hereYou are every woman in the world to me
And every season I go through
You are every woman in the world to me
Especially when I'm making love to youLike a falling tear drop
You can wipe away my blues
Like the honey you can make the bitter sweetYou're a child, a girl, a woman
You are everything I'd choose
That's why I sing this song to youYou are every woman in the world to me
And every season I go through
You are every woman in the world to me
Especially when I'm making love to youLike a falling tear drop
You can wipe away my blues
Like the honey you can make the bitter sweetYou're a child, a girl, a woman
You are everything I'd choose
That's why I sing this song to you
And that's why I sing this song of love to you
