

Dirty Bomb

Alien Ant Farm

you know shes poison but she turns you on
you know shes bad but she feels so good in your arms you get me unbalanced -----who knows what will happen
when that girl is gone
when that girl is gone (when that girl is)you are my little dirty bomb
feels so wrong blow me up blow me up
you are my hero shes my doll
watch me fall
blow me up blow me upbut if she makes you happy
threw all the sheets you found and go settle down go you're in the ground
shes nothing special
just another whore in another dress
but i tell you boy she is poisongirl is poison girl is poisonyou are my little dirty bomb
feels so wrong
blow me up blow me up
you are my hero shes my doll watch me fall
blow me up blow me upi've been out living several years now
stuck it in a tragedy with some real feels
now im in a solo mission with a cavalry -----you are my little dirty bomb
feels so wrong
blow me up blow me up
you are my hero shes my doll
