Monkey

Kt Mulholland

And if we had something to say
We could have said it
Instead of looking away
And if we had of felt some kind of way
We could of said it
Instead of afraid

But weâ€™re not perfect
Weâ€™re no saints
We get by
We might deserve it
But isnâ€™t it strange
How we get by

I love you
So if you love me too
Tell me what do I do
To make you mine

Its sitting right in front of our face
We couldnâ€™t hide it
Hard as we try
Alone in our own outer space
Two ships in the night
Passing on by
But weâ€™re no angels
Weâ€™re sure not strangers
To living this life
We play the angles
And flirt with danger
Just to get by

I love you
So if you love me too
Tell me what do I do
To make you mine

Can you help me
Can you help me
Can you help me find my way to you?

I gotta find
Gotta find
Gotta find my way back home to you
Can you help me
Can you help me
Can you help me find my way to you?
I gotta find
Gotta find
Gotta find my way back home to you

I love you
So if you love me too
Tell me what do I do
To make you mine
