# Get Your Love Back

## The Three Degrees

I know I was wrong by leaving you by yourself
I say something got a hold on me and I lost control
Now I know where I belong and I wanna come back home
I need your love and baby I need it so badHere I stand with my heart in my hand
Don't make me feel any less than I am
Don't make me crawl on my hands
Back to you, ohI said it
If I could only get your love back
If I could only get your love backI know you wanna make me pay for all the wrong that I've done
Well baby I'm ready, I'm ready to pay any price you ask
I don't care for what I have to do
Long as I can get close to youYour sweet love was the best love I, I've ever had
Here I stand with a tear in my eye
I ain't ashamed to let you see me cry
To live without your love I'd better dieBaby, please hold me in your arms
If I could only get your love back
Sugar I tell ya, if I could only get your love back
I'll be so satisfiedNow I know where I belong and I wanna come back home
I need your love and baby I need it so badHere I stand with my heart in my hand
Don't make me feel any less than I am
Don't let me crawl on my hands and knees
Back to youI said it
If I could only get your love back
Sugar I tell ya, if I could only get your love back
Baby oh, If I could only get your love back
I'll never, never leave you
If I could only get your love back
I'll be so, so satisfied
I'll be so satisfied
