Fold

Al Weber

I'll break you and defy you
I'll buy the way inside you
I'll be the word to try you
I'm scared to deny you
I'll find a way to keep you out
I'll be the one to face you down
When there's a way to fight you
This time I'll be the one that brings you, down
You've done this
No need for words
'Cause I felt this
You want, you want, you want
You wanna replace me
But you can't erase me
And you're losing ground
I'll be the one that brings you down
You try to replace me
You can't even face me
You're folding now
I'll be the one that brings you down
But you never listened to me
You think you can see right trough me
But you cannot undo me
You'll never see the true me
I'll find a way to keep you out
I can see I'll be the one to face you down
You try to get in to me
This time I'll be the one that brings you, down
You've done this
No need for words
'Cause I felt this
You want, you want, you want
You wanna replace me
But you can't erase me
You're losing ground
I'll be the one that brings you down
You try to replace me
You can't even face me
You're folding now

I'll be the one that brings you down
I never wanna see you
Wanna be you, 'cause I don't need you
You never wanna face me
You can't erase me, you can't erase me
I never wanna see you
Wanna be you, 'cause I don't need you
You never wanna face me
You can't erase me, you're wasting away
You wanna replace me
But you can't erase me
And you're losing ground
I'll be the one that brings you down
You try to replace me
You can't even face me
You're folding now
I'll be the one that brings you down
