Celebrity

The Crazy Carls

Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
She's mine, this time.
With her own entourage,
I never thought that she could be, mine,
Like every time,
With every word she spoke,
I had to confess that,
I could be sold on every line,
Then she said tell me the place,
And we'll go wherever you want,
Just say my name,
And the VIP will be ours,
Just tell me the truth,
What you wanna do,
With me, me, me!
Woah oh, let's keep it on the low,
'Cause I don't think you're ready,
Let's just, keep it on the low,
And dance like there's nobody watching,
Keep it on the low,
I think the time has come,
To get down, down, down,
With a celebrity!
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
She's mine, this time.
I can't believe my eyes,
This girl has got me hooked,
And this time,
It's no surprise,

The paparazzi keep following, following,
I can't control what my heart desires,
Then she said tell me the place,

And we'll go wherever you want,
Just say my name,
And the VIP will be ours,
Just tell me the truth,
What you wanna do,
With me, me, me!
Woah oh, let's keep it on the low,
'Cause I don't think you're ready,
Let's just keep it on the low,
And dance like there's nobody watching,
Keep it on the low,
I think the time has come,
To get down, down, down,
With a celebrity!
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,
She's mine, this time.
Well if they know about it,
Then they really need to go,
'Cause then they talk about it,
Like the people who they know,
'Cause they see her in the magazines,
But when she's right in front of me,
I can't let go, won't let go,
noooo!
Woah oh, let's keep it on the low,
'Cause I don't think you're ready,
Let's just keep it on the low,
And dance like there's nobody watching,
Keep it on the low,
I think the time has come
To get down, down, down,
With a celebrity!
Cele-Celebrity,
Get down with a celebrity,
Cele-Celebrity,
Get down with a celebrity,

Cele-Celebrity,
Get down with a celebrity,
She's mine, this time.
