Give

Sass Jordan

Didn't really want to say
What I said to you today
'Cause I feel I'm givin' inBut if life's a game we play
Then I made a move today
And I know I'm givin' inWords that can sound so empty
Something that you said so easy
Make it midnight everydayIn this world, I'm livin' in
Is the truth so hard to find?
And if love is givin' in
Then I do it all the timeNow I've seen you wash your hands
While you do the best you can
And I've watched you turn away
Afraid that love's a price you payWhy do we run so fast
Trying to forget the past?
We forget to live todayIn this world, I'm livin' in
Is the truth so hard to find?
In this world, I'm livin' in
Is it cruel or is it kind?In this world we're livin' in
Is the truth so hard to find?
And if love is givin' in
Is it cruel or is it kind?Oh down, I seldom topple down, topple down
In this world [Incomprehensible]
[Incomprehensible]
Don't find, take your time
Talk about love sometime
