FELT

Cities Aviv

Felt
Sure you felt something
Felt Sure
But it was really nothing
You Felt
But you're only guessing
They're only feelings baby
They're only feelings
Felt
I'd left you hanging
Felt sure
I'd stopped myself caring
You felt
That I'd stopped believing

They're only feelings baby
They're only feelings
What is real?
Is real reason?
What is real?
I still get you
Do you still get me?
Felt
My skin on your skin
Felt sure
Sensations like raining
You felt
No logical thinking
They're only feelings baby
They're only feelings
