Clockwork

Autopilot Off

You're probably sick of being tired,
You can't find the strength to close your eyes,
You can't let go,
But you can't change everything,
Stop laying in this burning bed.

Write it on the walls and read it,
Bright red so you can see it,
Don't fail me now,
Write it on the walls and read it,
Until there are no secrets
So safe and sound,
At least for now

Time's gonna warn you with a whisper,
What it wants to let you know,
You can't live in fear of the things that aren't for sure,
So stay alive by playing dead.

Write it on the walls and read it,
Bright red so you can see it,
Don't fail me now,
Write it on the walls and read it,
Until there are no secrets
So safe and sound.

Still there are lines for us to write before we close our eyes,
And only time will tell the ending when the ink runs dry,
Time will tell everything,
It's ever so quiet counting down..

Write it on the walls and read it,
Blood red so you can see it,
Life leaking out,
Write it on the walls and read it,
Until there are no secrets,
So safe and sound,
At least for now
At least for now
