

Independent

The Forces of Evil

Will you please hold my hand?

I can't, I'm independent

I want to be your man

You can't, I'm independent

It's not that we don't know

Why can't you let it go?

[Chorus]

She's independent

She doesn't need your help

She's independent

She'll do it by herself

She's independent

Tries not to let it show

She's independent

I hate that stupid 'ho

I'll call you on the phone

You can't, I'm independent

Let me know when you're home

I can't, I'm independent

It's not that we don't know

Why can't you let it go?

[Chorus]

I hate this game we're playing

I can't hear what she's saying

Telling me that she is right and I am always wrong

Everything she does is only just because

She's clinically insane!

She's independent

doesn't need your help

She's independent

She'll do it by herself

She's independent

Tries not to let it show

She's independent
I hate that stupid 'ho
I hate that stupid 'ho
I hate that stupid 'ho
I hate that stupid 'ho
Just let it go
