Forever

All the Young

My halo, it don't fit
We're all just creatures of comfort
I told on my sidekick
Just left him for dead in the country

They're making me wait forever
Just taking their time forever
I get to the top but it goes
On and on and on and on

Cos I've lost all sight of the middle and I still feel out of sorts
Forever chasing your riddles and it's on and on and on away from you

A new day, you think so?
The winds of regret, I just don't know
Be careful, we're so old
Just slept in til six in the morning

They're making me wait forever
Just taking their time forever
I get to the top but it goes
On and on and on and on

Cos I've lost all sight of the middle and I still feel out of sorts
Forever chasing your riddles and it's on and on and on and on
Will you lead me down into battle now? Will you take me on a cruise?
Forever understanding and it's on and on and on away from you

On and on and on and on and on and on and on and on

Cos I've lost all sight of the middle and I still feel out of sorts
Forever chasing your riddles and it's on and on and on and on
Will you lead me down into battle now? Will you take me on a cruise?
Forever understanding but it's on and on and on away from you

Will you watch my back? Will you laugh my way?
Will you pour my drink on a summer's day?
Will you hold my hand? Will you wave it too?
Cos it's on and on and on away from you
