Ricochet (Yeasayer Remix)

Strange Names

Cool down vacation
I like it better
Without any relation
Did I miss a step
Oh, catching a daydream without
closing my eyes
YeahNew sound temptation
Can't look away
You're my fixation not only today
Taking it my way
Alright
Yeah
I know you've a secret for me
I better run
I better run
I know you've a secret for me
I better run
I better runYou've got me flying
Styling on the freeway
You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochet
You've got me flying
Styling on the freeway
You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochetI just want to love you
I just want to hold you
I know you just want to
Prey like a piranha
Telling lies to Mama
All those people saw you
Twirling your hair

I'm gonna catch you
and you don't careI know you've a secret for me
I better run
I better run
I know you've a secret for me
I better run
I better runYou've got me flying
Styling on the freeway
You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochetYou've got me flying
Styling on the freeway
You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochetWhen you see me on the floor
I'm already writhing
Because your touch
is so reviving
I can't express
What shape or size
Love is a compromise,
I work for the grand design yeah
And if you should leave me
I already know
It came apart
Because the flow
Was out the door
So I'll just say my peace
So you receive it all
No matter large or small
It's bouncing of the wallYou've got me flying
Styling on the freeway
You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochetYou've got me flying
Styling on the freeway

You've got me jumping
Judging by the ricochet
You've got me going
I don't know what to say
I'm feeling something
Coming from that ricochet
