Unfinished Thought

Well Hey There John
Are You Captured Just Like Me
Or Were You Just Pretending
Watch Her In The Background
As She Shakes Her Tambourine
Well Hey There John
Why Did We Ever Dare To Dream
That We Were Somehow Different
How Much Would You Charge
For A Memory
But They'll Put Us
Back Where We Belong
Away From Reality
And They'll Show Us
Just Where We Went Wrong
Too Much Energy
Well Hey There John
Why Did We Believe
Gibraltar Was So Distant
Now They're All Right
When They Said We Were So Naive

What Have We Done
They Gave Up On Your Dream
Now No One's Left To Listen
We Gave Ourselves
To The Ones Who Said They'd Never Leave
But They'll Put Us
Back Where We Belong
Away From Reality
And They'll Show Us
Just Where We Went Wrong
Too Much Energy
But They'll Put Us
Back Where We Belong
Hide Your Sincerity
And They'll Show Us
Why Our Dream Is Gone
Too Much Complexity

Well Hey There John
It's Not That Bad
She Was The Best Dream I Never Had
