# Supernaturally

## Appleton

There's nothing left of me
There's nothing left for you
We're stealing time
'Cause it's easy stop themYou've got the best of me
I've seen the worst of you
I'm crazy now
But my mind is fightingMaybe I'll think of you
Maybe you're sick of me
The days and the nights
And the rest of your life thenThere's nothing left for you
I'm kinda reeling too
But you and me isn't all I believe
'Cause I'mSupernaturally I am
Inconceivably breathin'
Unbelievably feeling, how or whySupernaturally I am
Inconceivably breathing
Unbelievably feeling, how or whyI'm not the all of you
You're not the rest of me
I feel it seems by the hour
And the life timeAs I look down at you
As you look up at me
We're free at beings
Doesn't everybody dreamThere's nothing left for you
There's nothing here for me
But you and me isn't all I believe
'Cause I'mSupernaturally, I am
Inconceivably breathin'
Unbelievably feeling, how or whySupernaturally, I am
Inconceivably breathing
Unbelievably feeling, how or whyI believe I can breathe
I believe I can breathe
I am a supernaturally meThough it seems
There's a fire in my soul
I don't need to be fightingJust be, just be, a lady in black
Why you never turned back
She saidSupernaturally, I am
Inconceivably breathin'
Unbelievably feeling, how or whySupernaturally, I am
Inconceivably breathing

Unbelievably feeling, how or whySupernaturally I am
Inconceivably breathin'
Unbelievably feeling, how or whyHow or why
