Aisle 10 (Hello Allison)

Jet Set Radio Future OST

Uh-huh
Ooh, ooh
Yeah, heh
(We need some help on aisle 10)I see you at my job
(Uh-huh)
You carrying yourself so well
(So well)
I made myself a promise
(What's that?)
Not to get emotional
(Uh-huh)As I remain stable
(Stable)
I take another glance at you
(At you)
If we were at the disco, whoa-whoa
Then I would have to dance with you
This isn't cool
(Not cool)And in my lonely eyes
I see myself in elequant strides
(Elequant strides)
In a sharp tuxedo
Ego's nothing to her
(What-what?)Hello, Allison, I wanna hold your hand
I haven't been the same man
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(We need some help in aisle 10)Hello, Allison, I wanna hold your hand
I haven't been the same man
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(Check it out)I see you, about a quarter after nine
(After nine)
You shine in the neon sign
Where are you from?
(From)
You floating like an angel of the night
Into the light
(Light)
And leave me with this song to writeAnd now I'm loaded, holding my sack

Yo, wonder now where she is at
With a line of customers getting mad
They didn't see what I seen
(Nuh-uh)
The store queen made everything easier
For one fine he
(One fine he)And in my bloodshot eyes
All I can see is every thing's fine
(Every thing's fine)
With a turning stomach
Running thoughts through my head
(Come on)Hello, Allison, I wanna hold your hand
I haven't been the same man
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(We need some help in aisle 10)Hello, Allison, I wanna hold your hand
I haven't been the same man
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(Ah haa)You came in here again
(Again)
(Wha-what?)
I'm drinking by the copier
(Copier)
I made myself a promise
(Now what was that?)
That I would finally talk to her
(Haha)As I remain stable
(Stable)
I take another drink for you
(For you)
I set it on the table, whoa-whoa
I'm sure I look a drunken fool
I'm seein' two
(Whoa)And in my lonely eyes
I see myself in elequant strides
In a sharp tuxedo
Ego's nothing to her
(Wha-wha-what?)Hello, Allison, I wanna hold your hand
I haven't been the same man
(Come on, come on)
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(We need some help in aisle 10)Hello, Allison, I wanna hold your hand
(Ah haa)

I haven't been the same man
(Come on, come on)
Since I saw you comin' in
Let's have a toast to the girl in aisle 10
(We need some help in aisle 10)Hello, Allison
Aisle 10, aisle 10, aisle 10
Yeah-heh, yeah-heh, aisle 10
We need some help on aisle 10
Hello, Allison
Ooh, whoa-oh-oh, ooh, yeah-e-yeah
Ooh, whoa-oh-oh
Hello, Allison
YeahHello, Allison
I wanna hold your hand
I haven't been the same man
Hello, Allison
