Mishale

Andru Donalds

From the first time that I loved you, I told you from the start
Our love would come together
If we could stand to be apart
I never mean to break to you heart, noThe days I cope without you I feel so all alone
I see you in my dreams at night, I feel your touch so strong
I feel your pain and tears miles away
I surrender my soul to you, dearLove you, love you
Love you, loveMishale, what am I supposed to do?
Mishale, I'll never get over you
Mishale, loving you is heaven
Missing you is hell and I need for our love to be strongNo matter where I find myself, you're always on my mind
Your photographs stare back at me
Reminds me that your love's deep as mine
I'm coming home to you, babe, it's what I'm livin' forLove you, love you
Love you, loveMishale, what am I supposed to do?
Mishale, I'll never get over you
Mishale, loving you is heaven
Missing you is hell and I need for our love to be strongMy swollen eyes reveal my pain
As my tears start losing their brave
The light is fading
I'm just a'miss youLove you
Love you
Love you
LoveMishale, what am I supposed to do?
Mishale, I'll never get over you
Mishale, loving you is heaven
Missing you is hell and I surrender my soul to the dayMishale, oh, what am I supposed to do?
Mishale, I'll never get over you
Mishale, loving you is heaven
Missing you is hell and I need for our love to be strongOh, what am I supposed to do?
Mishale, I'll never get over you
