Tongue Tied

Andy Allo

I don't mind
Being at home
Enjoy the night alone
Watching my favorite shows
See I'm fine
Being the one
Never waiting by the phone
Always in control

But you just can't fight it inside
When it just feels right
Fallin'
Fallin'
Into the unknown
Wish I could deny it inside
But it just feels like
Fallin'
Fallin'
For you

You got me all tongue tied
And mesmerized
Hit me with your love
Now I can't speak
Can't speak
I'm losin' my mind
Hypnotized
Addicted to the rush
Now I can't speak
Can't speak

You got me all
You got me all
Tongue tied

You got me all
You got me all
Tongue tied

Can it be?

You got me trippin'
Trippin' every time
You even look my way
And after all this time waitin' with you
My walls are breakin' every single day

But you just can't fight it inside
When it just feels right
Fallin'
Fallin'
Into the unknown
Wish I could deny it inside
But it just feels like
Fallin'
Fallin'
For you

You got me all tongue tied
And mesmerized
Hit me with your love
Now I can't speak
Can't speak
I'm losin' my mind
Hypotized
Addicted to the rush
Now I can't speak
Can't speak

You got me all
You got me all
Tongue tied

You got me all
You got me all
Tongue tied

Ohhh
Just feel my body language
My body language
Ohhh
Can you feel it
Ohhh
Can you feel it
Yeah

Ohhh

Just feel my body language
My body language
Ohhh
Just feel my body language
My body language

You got me all tongue tied
And mesmerized
Hit me with your love
Now I can't speak
Can't speak
I'm losin' my mind
Hypnotized
Addicted to the rush
Now I can't speak
Can't speak

You got me all
You got me all
Tongue tied

You got me all
You got me all
Tongue tied
