Saddle Up

Speakeasy

Don't need bother your mama neither
Yeah, she dont need to know
Don't bother that poor poor woman
Little boy knows where to go

For sure!

This is not my fist
Rodeo
I've got my saddle
Got a saddle at home

Don't need call your management today
Dont need to let 'em know
Don't need to call your mama neither
Little boy knows where to go

This is not his first
Rodeo
Hes got his saddle
His saddle at home

My, my drummer Ha!
He got two sticks
Anybody wana know what he want to know, what he wants to know
This is what you need,
This is what you want,
This is where the drums go

This is not his first
Rodeo
Hes got his saddle
Got his saddle at home
