Part of It

Relient K

I've been working with adhesives
Chains and locks and ropes with knots to tether
But nothing's sticking to the pieces
I can't seem to hold it all togetherBut you should know
'Cause that explains
Why it all just fell apartIt's not the end of the world, just you and me
We're a part of it, everyone
We're a part of it, everything
And if a nightmare ever does unfold
Perspective is a lovely hand to holdWell, I've been trying to ingest this
But everything to me just seems like nonsense
And I'm not sure if I can get it
I guess it's time for me to grow a conscienceTo combat the laps
That explains
Why all of this simply collapsedIt's not the end of the world, just you and me
We're a part of it, everyone
We're a part of it, everything
And if a nightmare ever does unfold
Perspective is a lovely hand to holdIt's been forever since I've gone
But I'm the Cusack on the lawn
Of your heartIt may be forever 'til I go
But before then you should know
That I could tear that place apart
I could tear that place apartI swear this to you
I wish that this was not the truth
But it's something that you fell intoCrawling out is hard for you
I'm not so sure it's what you wanna do
Not convinced it's what you wanna doIt's just the weight of the world
Giving out under the string
And we're a part of it, everyone
We're a part of it, everything
And when a nightmare finally does unfold
When a nightmare finally showsIt's not the end of the world, just a calamity
And we're a part of it, everyone
We're a part of it, everything
And when a nightmare finally does unfold
Perspective is a lovely hand to hold
