You Were Right

Saga

Take it - Go on and take what you want now
I don't need a lot
Take it - No need to know what you're up to
We don't need to talk
Break it - You know that I'm gonna be there
Tell me when to stop
Brake it - I'm sure that you'll do the right thing
That would mean a lotHow do you feel when you know that it's not real?Time to tell you I believe you
Now I know you were right
Back it - There's so much you could be doin'
Thing you just forgot
Stack it - And when someone saw what you were up to
you made them take a walk
Slack it - no-one knew what you might be doin'
You're never on the clock
Back it - You find a way to do what you want to
& hope you don't get caughtHow do you feel when you know that it's not real?Time to tell you I believe you
Now I know you were right
Time to tell you I believe you
Don't I know you were rightTake it - Don't need to know what you're up to
We don't need to talk
Shake it - I'm sure that you'll do the right thing
That would mean a lot
Time to tell you I believe you
Now I know you were right
Time to tell you I believe you
Don't I know you were right
