Love Sick

Sinkane

Page us to depression
As you realize that you're helpless
Do you mind if I suggest you let it burn?
Take it from a broken hearted scholar
Who would've bet my bottom dollar
We would work
But I considered lesson learned
I know your heart is breaking down
Can you feel the pain working?
I bet you feel so lonely now
And there's no one there to comfort you
Because you cheat the one you call on
And she left you all alone
But the tears you shed you can count on
But your tears won't let you down so cry, cry, cry
Cry, cry, cry, cry
Fill me up an ocean
Cry me up a river, boy, I hope
I hope, I hope you feel so lonely
That you wanna throw up
Hope your nights are so cold
'Cause you're missing my love
Got you love sick, love sick
And you know I'm loving it
Listen closely
You can hear me laughing
Sleep now baby
But when you wake up it'll be the same
You'll realize nothing's changed
To live in a state of agonizing pain
It won't last forever
But now it hurts like hell
I know it may be cold
But I, I still can't wish you well
I know your heart is breaking down
Can you feel the pain working?
I bet you feel so lonely now
And there's no one there to comfort you
Because you cheat the one you call on

No surprise she ain't there
But the tears you shed you can count on

But your tears won't let you down
Cry, cry, cry, cry
Fill me up an ocean
Cry me up a river, boy, I hope
I hope, I hope you feel so lonely
Bet you wanna call her
Hope your nights are so cold
'Cause you're missing my love
Cry, cry, cry, cry
Fill me up an ocean
Cry me up a river, boy, I hope
I hope, I hope you feel so lonely
Bet you wanna call her
Hope your nights are so cold
'Cause you're missing my love
I'm loving that you're hurting
I'm loving you feel pain
It's Karma, it's for certain
This time you're in the game
So glad that it's your tears
Hope that it takes time to heal
Yes, heartbreak is for real
Now you see how I feel
Cry, cry, cry, cry
Fill me up an ocean
Cry me up a river
Boy, I hope, I hope
I hope you feel so lonely
That you wanna throw up
Hope your nights are so cold
'Cause you're missing my love
Cry, cry, cry, cry
Fill me up an ocean
Cry me up a river
Boy, I hope, I hope
I hope you feel so lonely
That you wanna throw up
Hope your nights are so cold
'Cause you're missing my love
