The Zone

The Weeknd

Why are you rushing me baby
its only us alone
I don't want to die tonight baby
So let me sip this slow
I'll give you what you called for
Just let me get in my zone
I'll be making love to her through you
So let me keep my eyes close
(Chorus)
And I wont see a damn thing
I can't feel a damn thing
But , Imma touch you right
I won't see a damn thing
I can't feel a damn thing
But , Imma touch you right
ohh yeah
Imma touch you right , ooh yeah .(let me sip this slow)
Imma touch you right (let me get inside my zone)
Imma touch you right (just let me)
ooh yeah
And I won't leave until I fall, ooh yeah
And I don't give a damn
I felt the ground before
I left it all behind, baby
I didn't need no one
But, I'm here tonight baby
I've been alone for too long, Ohh .. ooh yeah
(Chorus)
And I wont see a damn thing
I can't feel a damn thing
But , Imma touch you right
I won't see a damn thing
I can't feel a damn thing
But , Imma touch you right
ohh yeah

Imma touch you right , ooh yeah .(let me sip this slow)
Imma touch you right (let me get inside my zone)
Imma touch you right (just let me)

Woah
All these broken hearts on that pole
Man, if pole dances are art, you know i mean fuck how many fucking artists I know
Got some new bills in the mail
Got some big favors I owe
Got some good things ahead of me
When these bad bitches let go
Well girl let's go
Walk yo broken heart through that door
Sit yo sexy ass on that couch
Wipe that lipstick off yo mouth
I take it slow
She in love with my crew
She said make enough so I can try some
I thought taking drugs just ain't you, Be you
Yeah girl, Just be you
And I do this shit for my hometown
It being going down it ain't new
That's that north north , that up top
That OVO and that XO
Your girlfriend at our next show
But, its all good dont stress though
First night F-ck, Never really plan it
Take a deep breathe, no one need to panic
Lips so french, ass so Spanish
She don't really like attention
I don't know if she gonna manage out here
But she got me all up in my zone
said she like the view I got in my place
Shit , I did all of that on my own
Oh yeah .
