

Roll It Over

Eric Clapton

Go down easy and let me take my time
Go down easy and let me take my time
Rock me slow till I lose my mindRoll it over, let's take it from behind
Roll it over, let's take it from behind
It's only love, God knows it ain't no crimeYou don't know how much
It means to be here in your arms
Roll it over, roll it overGo down easy and let me take my time
Go down easy and let me take my time
Rock me slow till I lose my mindYou don't know how much
It means to be here in your arms
Roll it over, roll it overRoll it over, let's take it from behind
Roll it over, let's take it from behind
It's only love, God knows it ain't no crime
