

Come Under The Covers

Walk the Moon

Tiptoe
Down the hall from where you live
These floors are talkative
But it's alright, it's alright So quiet
A little house out in the woods
And it would feel so good
If you would stay, if you would stay (Summer is over)
And I wanna leave you satisfied
(Summer is over)
And I can feel the cold changing us inside
(Come under the cover)
'Cause I wanna leave you satisfied tonight In the low light
Two white shadows become one
Come on, put your moon in my sun
And set me on fire, set me on fire (Summer is over)
And I wanna leave you satisfied
(Summer is over)
And I can feel the cold changing us inside
(Come under the cover)
'Cause I wanna leave you satisfied tonight Sometime
It's like you grew up down the street
It's such a mystery
The way you know me, for where you know me (Summer is over)
And I wanna leave you satisfied
(Summer is over)
And I can feel the cold changing us inside
(Come under the cover)
'Cause I wanna leave you satisfied
(Summer is over)
Summer is over
Summer is over
Summer is over
