More and More

Van Morrison

More and more, I'm forgetting the past
More and more, I'm living at lastDay by day, I'm losing my blues
More and more, I'm forgetting about youYou know how I tried keep you by my side
You know how I cried the day you said goodbyeDay by day, I'm losing my blues
More and more, I'm forgetting about youBut oh, how I tried keep you by my side
And oh, how I cried the day you said goodbyeDay by day, I'm losing my blues
More and more, I'm forgetting about youDay by day, I'm losing my blues
More and more, I'm forgetting about you
