War-faire

Dawn Richard

[INTRO]I fight a battle everyday
Against discouragement and fear
Some foe stands always in my way
The path ahead is never clear
I must forever be on guard
Against the doubts that scawk along
I get ahead by fighting hard
The fighting keeps my spirit strong
[VERSE 1]If a mirror showed your heart
Pieces would fall from your guard
No more hiding in the dark
I'd see you for who you are
I could rearrange the parts
Take the tarot out the cards
You were changing faces
Switched 'em like a Gemini
You can't even tell the truth to save you fucking life
Would've gave my life for you
Would've paid the price
But when I waged a war for you
I never thought Id die
Won't surrender to your arms
No more peace
Sound the alarm
No more reasons to hold on
[CHORUS]Now who's in your army
Who's gonna shield you from the flame
Now your crying sorry
When you see the bullets in the air
Wanted you to love me
But you never seemed to care
Warfaire
All good (its all good)

Right here
Watchu wanna do ooh (I ain't scared)
War faire
All good
Right here (its all good)

Watchu wanna
[VERSE 2]Watchu wanna do
If a mirror showed your heart
Would I see another life
Would I make the wrong turn right
Don't wanna be another scar
But I fell in love with harm
All your bullshit and your charm
You were changing faces
Switched em like a Gemini
You cant even tell the truth to save you fucking life
Would've gave my life for you
Would've paid the price
But when I waged a war for you
I never thought Id die
[CHORUS]Now who's in your army
Who's gonna shield you from the flame
Now your crying sorry
When you see the bullets in the air
Wanted you to love me
But you never seemed to care
Warfaire
All good (its all good)
Right here
Watchu wanna do ooh (I ain't scared)
War faire
All good
Right here (its all good)
Watchu wanna
Eh watchu wanna do ..
