Worry About You

Tyler James

I worry about you babe
When your phone's not on
I come by and you're not home
Worry about you baby,
I worry about youWorry about you babe
When it's late at night
You come back and looking fresh from a fight
Worry about you baby
I worry about youI ain't sleeping at night
And I ain't eating quite right
I just worry about youTell me what I'm supposed to say
Watch you throw your love away?
Worry about you baby,
I worry about you
Tell me what I'm supposed to do
Expect me to go down with you
Worry about you baby,
I worry about youWorry about you baby,
And the ride your on
Rollercoaster's too long
Worry about you baby,
Worry about you baby,Worry about you babe
'Cause the world you're in
I so easily say we fit in
I worry about you baby
I worry about you'Cause we ain't sleeping at night
We ain't eating quite right
I just worry about youTell me what I'm supposed to say
Once you throw your love away,
Worry about you baby,
I worry about you
Tell me what I'm supposed to do
Expect me to go down with you
Worry about you baby,
I worry about youI ain't sleeping at night
And I ain't eating quite right
I just worry about youTell me what I'm supposed to say
'Bout you girl you're running away
Worry about you baby,

I worry about you
Tell me what I'm supposed to do
Expect me to go down with you
Worry about you baby,
I worry about you
