Hard On You

Rob Thomas

You're the best thing I ever knew
You'll do everything that I can't do
Sometimes I get lost in my blue
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
All right
You and me got so much to prove
You're the only thing that I can't loose
The nights are peaceful here in our room
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
'Cause I didn't mean to, didn't mean
What I said, all the things I said to you
But maybe the worst is the best

I can do with you
And I never want you to go, but I know
How the mood it waits too slow
And I fall apart 'cause it's all that I know
I know, I know, yeah I know
Yeah, you're running now, baby blue
Please don't let it take me far from you
I've been restless, I've been a fool
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
Please forgive me if I'm hard on you
