Fragile Heart

Jewel

If you want my heart
you have to promise not to tear it apart
'Cause my heart
Has been hurt a lot
And it always seems
Love is not sweet, like in dreams
Something falls through
But I don't want that to happen to me and you

[Chorus]
So be
Careful, warning
Fragile heart

Last Saturday
We ate dinner at your parents' place
Last Saturday, you said
How you feel will not go away
Well, all the fishes in the sea
Could not be happier than me

[Chorus]

Only fools believe that
Nothing changes, nothing leaves
But I need to believe that we at least
Will have some dignity
'Cause everything changes
Nothing stays the same
But that's no excuse to be casual
Or to place the blame
you have to be careful with me

[Chorus]
