Burning Man

Mastodon

Coals under foot
Burst into flames
Become the earth's
Ashes remain
Awaiting sand
A burning man
Approach the door
Where I place blame
Take the first step
Cleansing my shame
Awaiting sand
A burning man

Coals under foot
Burst into flames
Become the earth's
Ashes remain
Awaiting sand
A burning man
Approach the door
Where I place blame
Take the first step
Cleansing my shame
Awaiting sand
A burning man
