Morning Song

Kai Exos

[Verse 1:]
I watched you walk away this morning
You took more than my striped shirt
If you phone me tomorrow
We could certainly do this again
Sooner than later
Cause you're so good to me[Chorus:]
I'm not as fast as I seem
This thing we have is very likely
I'd very much like you to be
My morning song(In Winter, Spring, Summer, all...)[Verse 2:]
Barely knowing you is not so easy
My brother and my friends say
Is she good to you?
You came on over
Was there more you wanted to say
'Cause waiting is no fun
When you're waiting for someone
Leave me a message on my telephone[Chorus:][Bridge:]
Know this: this ain't a love song
But I do love what you do
At least for tonight, for awhile
Or maybe some other time...[Chorus out]
