

Make Me Feel (From "Star")

Star Cast

You make me feel,
Like I never been in love before,
Got me wishin got me hopin it's real,
Cuz I never had someone like you,
No I never knew a love like you Yeah,
Feelin crazy cuz you know I care,
Yeah, you the only one to take me there,
Every second every hour I'm fighting for air,
Yeah, I can't make this feeling disappear I'm startin to trust your spirit, I know that the love is strong, I gotta use
caution, can't tell whats right from wrong, It comes when you touch me boy, you don't know, But there's
somethin different witch a lord knows
You make me feel,
Like I never been in love before
Got me wishin got me hopin it's real,
Cuz I never had someone like you,
No I never knew a love like you Ohhhh, woah, woah, woah, woah, woah, woah
ohhh, woah, woah, woah, La, la, la, la, la, la, la
La, la, la Can't you see that baby all I want is you, you, you
Ain't nobody else can know the things you do, do, do
I go crazy if I ever were to lose, lose, lose
Yeah I'm in love,
But I never fell in love the way you love I'm startin to trust your spirit I know that the lovin is strong, I gotta use
caution can't tell whats right from wrong, Feel it when you touch me boy, you don't know,
But theres something different witch a lord knows You make me feel,

Cuz I never had someone like you,
No I never knew a love like you Ohhhh, woah, woah, woah, woah, woah, woah

You, you, you, you the only one I want
I don't know whats gotten into me,
Got me swearin all up in my speech
You got every single part of me, part of me If I let you in, don't you let me down,
Never thought you be the one I wanna be around,
Let me hear you say you love me, let me hear you say it loud,
I been showing more affection, so damn its crazy how You make me feel,
