Moonshine Whiskey

Van Morrison

Oh, she give me moonshine whiskey
Oh, she give me southern love
Deep in the heart of Texas
There beneath the stars above
Oh, she give me Southern Comfort
Oh, she give me moonshine love
Deep in the heart of Texas
There beneath the stars aboveHere I am riding on a train
Just about thunderballs down the line
Just can't wait any longer
See that little darling of mine
See that little darling of mineShe's my Texas sweetheart
Part from Arkansas
They were dancing
Across the floor
And a band was playing
People were swayin', to and fro
Streamline promenade baby
Streamline promenadeAnd I said, wait a minute
Wait a minute, wait a minute
I'm gonna take a plane
Come with me to tonightGonna put on my hot pants
And promenade, promenade down funky Broadway
'Til the cows come home
La la la da
La la la da
Oh streamline promenade
Promenade streamline
Streamline promenade
Promenade, promenade, promenade streamline
Think I'm gonna promenade all nightOh, she give me moonshine whiskey
Oh, she give me southern love
Deep in the heart of Texas
There beneath the stars above
Oh, she give me Southern Comfort
Oh, she give me moonshine love
Deep in the heart of Texas
There beneath the stars aboveListen, here we are
Thinking about time

When I resist here and now
And I just want to lay my feet
On a river bed instead
Can't wait any longer
For the sign
I want to get down some solid time, in the water
Watch the fish in the water
Bubbles, watch the bubbles come up in the water
Promenade streamline in the water
Streamline promenade, get funky
Promenade streamline, funky as you want to beLa da da
La da da
Streamline promenade, oh baby
Well, I feel alright tonight
Streamline promenadeOh, she give me moonshine whiskey
Oh, she give me southern love
Oh, she give me moonshine whiskey
Oh, she give me southern loveShe give me southern love
Southern love
Southern love
Child, feel southern love
Fell southern love
Southern love
Child, feel southern love (southern love)
Southern love, southern love
Child, feel southern love (southern love)
Oh baby
(Southern love)
(Southern love)
Oh baby
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
(Southern love)
Oh she gave me moonshine whiskey
