May Day

Don Laka

Wanna be with you, in everything I do,
I wanna see you, every day and night,
When I was so lonely, I felt this strong desire to love,
But it went too quickly, and now I'm burning - hot,
And now I'm burning hot...I wanna be with you,
In everything I do,
I wanna see you,
Every day and night...Can't get enough of you,
You make the day go through,
And everything right now,
Just seems so right...When I was oh so lonely,
I felt the strong desire to love,
Everything's gone too quickly,
'Cause now I'm burning hot...May Day - I'm falling in love again...
May Day - I'm falling in love...
May Day - I'm falling in love again...
Once more - the dangerous game...Remember every time,
I feel I lose my mind,
With hot emotions,
I might lose control...The passion is so strong,
And something can go wrong,
But risky business,
Can well be my goal...I can be sad or happy,
And that's the danger of your love,
I can just hope I'm lucky,
'Cause it's too late to stop...
