Just Another Night

Sweet Suspense

(Verse)
Not gonna put up a tree
Not gonna decorate everythin'
Cuz if you're not next to me
Don't want to celebrate anythin'(Pre-Chorus)
I'll wait till May or till June or July, oh
I'll let the year go by
Not gonna hang up the the lights
If you don't lift 'em high, it's just anotha night(Chorus)
I'll be right here
Watchin' all the faces shine here
But I won't feel the love like they feel
Oh, if you're not by my side,
It's just another night
I'll be dreamin'
While everyone is bright eyed & beamin'
Oh, I'll wait till May or till June or July oh
If you're not by my side
It's just another night
It's just another night
It's just another night(Verse 2)
Won't hear the carolers sing
Won't hear the jingle bells ring
Won't wrap the boxes with string
Won't light the fire and hang the stockings(Pre-Chorus)
I'll wait till May or till June or July, oh
I'll let the year go by
Not gonna hang up the the lights
If you don't lift 'em high, it's just anotha night(Chorus)
I'll be right here
Watchin' all the faces shine here
But I won't feel the love like they feel
Oh, if you're not by my side,
It's just another night
I'll be dreamin'
While everyone is bright eyed & beamin'
Oh, I'll wait till May or till June or July oh
If you're not by my side
It's just another night

It's just another night
It's just another night(Bridge)
I won't cheer until ya pull in our drive
& I'll be here till I see
Till I see yo eyes(Chorus)
I'll be right here
Watchin' all the faces shine here
But I won't feel the love like they feel
Oh, if you're not by my side,
It's just another night
I'll be dreamin'
While everyone is bright eyed & beamin'
Oh, I'll wait till May or till June or July oh
If you're not by my side
It's just another night
