

# Brothers and Sisters

## Blur

Brothers and sisters  
Rebuild your lives  
We're all drug takers  
Give us something tonight

A cartoon in a ketamine  
Jelly mixed with margarine  
White doves from the war machine  
Every body movin  
Cocaine is for murderers  
Codeine for the jurors  
Caffeine been through all of us  
All the people horny  
Crackwhores back in town again  
Eggships sniffing benelyn  
Burning all the oil again  
Smoking makes you holy  
Textin abbreviates the brain  
Aspirin takes away the pain  
Rock on, everyone the same  
That's the way it is

Brothers and sisters  
Rebuild your lives  
We're all drug takers  
Give us something tonight

Rohypnol like a chloroform  
Sugar from the day you are born  
Washed out like a dinosaur  
Really don't believe it.  
Sticky sniffing superglue  
sulphates keep you in a zoo  
Monkeys turning into you  
Everybody horney  
Acid good up on the moors  
Gimpo stops you getting bored  
Beta's busy making laws  
Procaine stops you screaming

Librium for anxiety  
Drinking it our society  
That's the way it is  
that's the way it is even when we're pissed
