Trespass

Kites

How many bullets can your back hold, suckin' from the HK
The red dot's on your dome from the light ray
Boom bam bust oh shit kid, your head is a pile of puss
I'm kickin' up much dust, the nigga ya can't trust
This is my shit, my hood, my turf
My gold, my grip, whatever the fuck it's worth
I don't need nobody comin' in my territory
Tryin' to rip a nigga off and fuck your fuckin' sob stories
Take a good look at my motherfuckin' jacker
About to feel the wrath, of a greedy ass cracker
Pale as snow, so you know the hoe stand out
Comin' in my hood with his hand out
Tryin' to get over on the black but the motherfuckin' mack
Will put a fuckin' slug in his back
And with the boom ping ping, it ain't no thing to blast
On greedy motherfuckers that trespass

Olly olly outcome free, here come the G
I'm saggin' and enter the dragon like Bruce Lee
I gots to get mo' money, mo' money
Can't get pussy with no money
See I'm kind of greedy 'cause all my heroes
Got zeroes in back of a one
Here's my gun, about to get paid at last
But now I'm gettin' covered in dirt and grass, kick it
The madder I get, the higher the debt
The deeper you get, the thicker the sweat
'Cause I'm a nigga with fat clout
But you in, but you gotta get back out
No easy job, for some suckers is out to rob
Crosshair on your dome and your mind's blown
You wanna go home, ain't that a bitch?
Cube, dig the ditch, yep
Nigga
Nigga
Nigga

I got a full time job of takin' suckers out
Breakin' 'em off, yeah word, I love revokin' clout
Test me, stress me, who could the best be?
The teflon nine go through vests G
But when you're greedy you don't care about life itself
You're chasin' extreme wealth
You can't be trusted 'cause trust ain't in the fuckin' game
Scandalous is your fuckin' name
I'm the motherfucker you're stuck with
Ice Cube, wrong nigga to fuck with
I'm rich, pitchin' a bitch about gettin' mo'
The big fish, swimmin' in big dough
The G backstabber, I got to have a
Lexus Coupe, when I troop
With the ski mask, gotta get the cash
My homeboy ain't home, so fuck it I'll trespass
