go on do this for the girls all ova da world wit a thug you kno wat im sayin
now here we go
boy i love you & i never wanna let you go,i know your thugin but i'm feelin on tha way you wrote
& i'd be nothin wit out you by my side.just know ill always be down.
boy i love you & i never wanna let you go,i know your thugin but i'm fellin on tha way you wrote
& i'd be nothin wit out you by my side.just know i'll always be down.
now she's in love wit a hustla, mamma caint stand that, daddie like damn that
boy you betta stand back.
she tell em' tha way she fell,cryin she say it's real.he don't cause trouble
he just hustle enough to pay the bills.
my friends sayin chill.leave her she stayin still.see me ridin dead
gettin all excited like you gana get that deal.
YUP. she respect me & she respect her self.
& know i only stay strapped & watch my back to protect myself.
we tear tha club up, packin bad as we through tha dub up.
it's like she want us.neva smoke but i roll a blunt up.
then we bump bump in da sheets till we see da sum up.now you could judge us
we dont care what you thinkin of us.
she down to ride down to lie even die what eva.leave her for another laddie i could neva.lets say
she down to ride down to lie even die what eva.leave her for another laddie i could neva.
this is why, boy i love you & i neva wanna let you go,i know your thugin
but im fellin on the way you wrote & i'd be nothin wit out you here by my side.
just know ill always be down.
boy i love & i neva wanna let you go,i know your thugin but im feelin on the way you wrote
& i'd be nothin wit out you here by my side. just know i'll always be down.

"look baby im'a just keep it real wit you alright,it's like this.look"

i know you need yo father you needa speak to yo mama.
if im tha reason of drama you need leave but you wana stay in scool
but listin now baby lets go & make the rules.
i'm heavy in the streets but not every thing they say is true.
girls are skandalis wen they seein you tryin ta make it through,
brush it off your sholders i'm comin home every day to you.
now if i'm locked up & gotta go do a strech in prison jus promise me that you'll move on
baby convinse the livin.but don't you think that these feelins will change. the day im free
HOPEFULLY we can rekendle the flame. just hold me in yo memory
remember the name, she looked at me wit a smile dawg & all she could say was
boy i love you & i neva wanna let you go,i know your thugin but i'm feelin on the way you wrote

& i'd be nothin wit out you here by my side.just kno i'll always be down.
boy i love you & i neva wanna let you go,i know your thugin but i'm feelin on the way you wrote
& i'd be nothin wit out you here by my side.just kno i'll always be down.
she from tha berg i just bring her around tha hood cause she know wen she wit me
it all good. you doin wat you gotta do,nothin wrong wit that boy,you know i got yo back
& that's a fact boy.. so lets ride togetha,grind togetha & know i'm stayin down by yo side foreva
lets ride togetha,grind togetha & know i'm stayin down by yo side foreva
yeaaaaah....
boy i love you & i neva wana let you go,i know your thuggin but i'm feelin on tha way you wrote
& i'd be nuthin wit out you here by my side.just know i'll always be down.
boy i love you & i neva wanna let you go,i know your thuggin but i'm feelin on tha way you wrote
& i'd be nothin wit out you here by my side.just knoiw i'll always be down.
