Booyah

Cody Kox

Yes all we care about is dem party
Keeping dem good vibes, good vibes in the air nowSing along nowI put that rock in ya body, now bounce all night
Keep them guns outta da club, dei killin dis vibe
Throw it up for the party, I'll make'em feel good
Goes out to every club, city and hood
Now put that rock in your body now, yeahJust keep on rockin and don't take it easy
Gots to get out of the club if you don't feel me
Give it up, ain't no stopping
Everyone up in the club is down with this rockingAnd that's all it is now
You better get on da dance floor now
Get on that riddim now
I'ma say booyah!Booyah!I'ma say whatYes all we care about is dem party
Keeping dem good vibes, good vibes in the air now
Sing along nowI put that rock in ya body, now bounce all night
Keep them guns outta di club, dei killin dis vibe
