

# Stranded in Reality

## Ian Hunter & The Rant Band

Let me unveil - a soberin'tale, bought my spaceship second - hand  
shouldn't know better - the steering jammed, lookin'all over for a place to land  
episode two - earth to the rescue, somebody pulled the emergency cord  
everybody jumped overboard and I wound up in the maternity ward  
It was a baptism by fire  
Stranded in reality - it's a dodgy proposition  
they still believe in fairy tales - n'lots of ammunition  
Adolecence - it doesn't make any sense  
anti - social media saw - their communication cords  
and something in me wants to roar - bat crazy  
Stranded in reality - it's the age of the deluded  
everybody got a brain - but the batteries ain't included

Let's go

Let me conclude - the sad interlude, spaceships fixed but whaddaya know

P.C.B. won't let us go and all I said was "U.F.O."

Stranded in reality - ain't to optimistic

Realism's upped and left - it's all materialistic

Stranded in reality - I'm beginning to see what this is

Give the people what they want - or it's gonna be bad for business

Why am I losin'my enthusiasm
